ISCJ September 11 Statement

On the anniversary of the horrendous terrorist attack on America on September 11, 2001, the Islamic Society of Central Jersey remembers the victims, prays for them, and commiserates with their families and friends.

We know the pain the victims’ families are going through; a member of ISCJ was also a victim of 9/11 attacks at the World Trade Center.

The Islamic Society of Central Jersey condemns all acts of terrorism, and hopes and prays that America will never be subjected to such heinous crimes again.

We will always remember and give thanks to law enforcement officials and first responders who heroically aided the surviving victims.

Our prayers continue to be with the victims and their loved ones.

We pray that Allah Almighty bestow peace and stability in all corners of the world. "...If anyone slays a human being...it shall be as though he had slain all of humanity; whereas, if anyone saves a life, it shall be as though he had saved the lives of all of humanity." (Qur’an 5:32)

On a larger national and international scale please note Muslim organizations working for peace (for example, Unity Production Foundation UPF). Please visit the UPF website to see their efforts to promote peace thru media: http://upf.tv/
